Dear Mr Hood -

As my father - Mr

I / a / e - is quite unwell  
with a severe pulmonary attack

you will pardon my writing  
this introduction for Mr  
Clemens Peignot - of Vienna

me & Europe's most distinguished  
physicians, whom we have  
greatly enjoyed meeting recently.  
My right wishes & counsel-  
led about a matter concerning  
which Father feels your kind  
advice will be extremely  
valuable - Possibly it may  
be a matter which  
you will possibly witness  
in the Archdeacon's hands

Introducing Dr. Clemens

Miss Agnes C. Storer  
Newport, R.I.

Dear Miss Storer:

Please convey to your father the thanks of the staff here at the Museum because any progress or success is the result of the work of all. We have been forging right ahead year by year in everything except money. Expenses in recent years have made it extremely difficult to carry on, otherwise I am certain we should have been able to do far more than we have done.

Kindly remember me to your father. I trust he is enjoying as good health as possible and that he will have a pleasant summer.

Very truly yours,

HW/E
